

A NOTE FROM SOMEONE ON YOUR STREET

LDS missionaries are working our neighborhood.

NEIGHBOR TO
NEIGHBOR

A neighbor spotted Mormon (Latter-day Saint) missionaries making the rounds and wanted to level the playing field — so everyone hears both sides, not just the practiced pitch.

Missionaries are sincere, friendly, and trained: relationship-first persuasion, scripted responses to doubts, and an invitation to trust feelings over evidence. This card, via RebuttaLDS.org, offers the context and counterpoints that pitch leaves out.

WORTH KNOWING

The church staffs this outreach with unpaid 18-to-19-year-old volunteers — who typically fund their own missions — recruiting members who are then taught to give 10% of their income to an institution holding an investment fund of over \$100 billion.
